

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation. What you allowing it unmoral in my mind.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Americans are sick and tired of seeing and hearing these "slam ads" across our screens in their attempts to defame other citizens based on total lies and obvious "revenge" against something that was said or done over 35 years ago. It is time to stop this madness and talk about today concerns for this nation and it's children. As these personal revenge attack on Kerry testimony issues should of been discussed and solved during the Vietnam War years-- not now.

Many of our troops have said to many online media and in mostly very personal emails to friends and family members passed around the internet - to say to the US MEDIA -- "Please STOP TALKING ABOUT VIETNAM." They are sick of it too. When is this nation going to consider their feelings on this issue?

The troops say --- someone should tell these Swift boat VETS to re-think about their actions of today -- what consequences their "old war revenge" wounds or, per say -- "pay back agendas" --- what their one-sides selfish actions are doing to our troops morale in today world. What are they trying to prove? What kind of message does this decades of revenge say to about our Democracy? Does their further revengeful actions against John Kerry really solve anything in today times? No!

Well, except possible attempt to "swaying minds" and obviously create more bitterness amongst Vietnam troops and Americans families.

These bitter resentment actions should of been swayed years ago and their personal support or protest of that WAR of "actions" taken to solve these deep-inner hurts about the wars of past times to the enemy -- not fellow troops? No one is going to tell me that John Kerry alone caused them to suffer overseas while in Prison. When we all know many Congressmen were in the Peace agreements too and there were Troops convicted of war-crimes before Kerry spoke to congress. Which says the Military Justice of our Government took the first steps when they convicted those troops of the crimes against the Geneva Conventions rules.

It is another political game...
As I know and read the full testimony of John Kerry

in 1971 --- for trying to stop that illegal war and bring the troops home sooner. How he was trying to get the Government to respect the troops with their health care needs in Veterans Hospitals... etc.

And honestly --- we all know that John Kerry was just "repeating the war crimes trials of statements of two men who were convicted of war crimes --- and we know he was j also "just repeating" the actual statements of --- what the other troops said, in Detroit about those trials and what they seen happen too.

However, allowing this unfair -- unpaid for -- immoral -- revengeful acts to continue --- tell me Please --- really HOW does this help our cause to support our troops TODAY -- and protect them from harms in Iraq and Afghanistan? I say it does nothing --- NO! NO! NO! Allowing this documentary to air in any states --- will just give the terrorist more reasons to distrust Americans.

In my mind -- this is the most illegal -- most shameful act -- if you were to allow this anti-Kerry ads or Documentary to run on our Public Airwaves --- free of charge or not....

We all know - what they will say is not the full truth except in their own minds ... --- it is their PERSONAL versions VS -- the actual Navy records, Rules and regulations, on J. Kerry and his swift boat members who were on HIS boat with him on those months in Vietnam.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard.

Thank you.

Americans want the facts and we demand the truth from our Media and our Government. We all remember the protest of the Vietnam war too. It did not start with John Kerry -- and Children died in Kent State Ohio --- too when protesting that War.

Dont you see - if you allow this ad or documentary to air -- YOU PROMOTE HATE -- and ipossible further nfluence our young teens and young adults minds -- Ask yourself --- will they also in anger about Iraq take sides and protest in the same ways -- to possible take the same actions as the teens and others did back in the 60's and 70's.

We need a Nation united - NOT more DIVIDED ... over something that happened many years ago.

GOD SAVE US ALL....

I Suggest you re-read the old testament... Kings 1 And Kings 2 ... as allowing twisted lies to seek out revenge it not a GODLY way to heaven

Neither, it is GODLY or of MORAL character in reading the "NEW DEAL" GOD gave us ALL as a gift when he allowed of all of us with in the words of Jesus and his death on the cross --- for our sins --- in the New Testament -- and other books of the bible where is says clearly --- that "slandering" someone with your sinful tongues IS NOT the way to heavens doors.
